

The CN2015 Official Awards

Type	Name	Title
Best Paper Award	Filip Řezáč, Jan Rozhon, Jiří Šlachta, Miroslav Vozňák	Speech Quality Measurement in IP Telephony Networks by Using the Modular Probes
Best Paper Award	Dominique Jullier, Marek Konieczny, Sławomir Zieliński	Applying software-defined networking paradigm to tenant-perspective optimization of cloud services utilization
Best Paper Award	Chesoong Kim, Alexander Dudin, Sergey Dudin, Olga Dudina	Multi-server Queueing System MAP/M/N(r)/∞ Operating in Random Environment
Distinction	Paweł Foremski, C. Callegari, Michele Pagano	Waterfall traffic identification: optimizing classification cascades
Distinction	Sławomir Przyłucki, Dariusz Czerwiński	Color-aware Transmission of SVC Video over DiffServ Domain
Distinction	Jakub Kiciński, Michał Hoeft	A novel multicast architecture of Programmable Networks
Distinction	Sławomir Hanczewski, Maciej Sobieraj	A Model of Erlang's Ideal Grading with Multi-Service Traffic Sources
Distinction	Bartłomiej Płaczek, Marcin Bernas	Data suppression algorithms for surveillance applications of wireless sensor and actor networks
Distinction	Marek Sawerwain, Joanna Wisniewska	Tracing of an Entanglement Level in Short Qubit and Qutrit Spin Chains
